

LILIN UK Office, Milton Keynes.

LILIN are a global manufacturer of CCTV products, with 500 employees across 10 branch offices worldwide, providing local market understanding and support.

Established in Taiwan, 1980, LILIN have followed an ethos of Creativity, Progress & Excellence and achieved a number of 'World's Firsts', including:

- First ONVIF Camera Range
- First 120FPS Camera
- First 32 Channel 4K NVR

LILIN work closely with the leading Home Automation platforms to provide our customers with the deepest integration possible- using the same remote that controls your TV, you can not only view live camera footage but control the system as if you were at the NVR- controlling PTZ cameras and playback!

## Why LILIN?

01359 270280

[sales@invisionuk.com](mailto:sales@invisionuk.com)

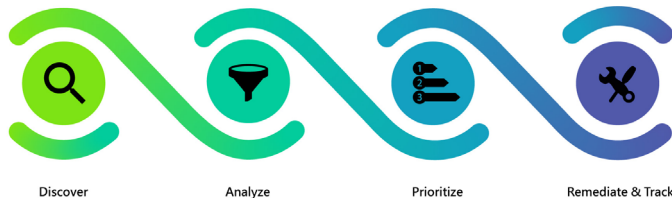

All LILIN products are designed, developed and manufactured at our headquarters in Taiwan and have been since we were established in 1980.

We're proud to offer a full range of NDAA compliant products, from a single camera with SD card recording to multi-site VMS projects in 1080P to 4K resolution.

Our large product range includes a variety of specialist cameras, including a NEMA 4X PTZ, Marine Grade stainless steel dome and License Plate Recognition (LPR) bullet.

### Cyber Security

LILIN advocate a strong cyber-security policy and have partnered with companies including Deloitte Taiwan to develop a rigorous, continual testing process. These ongoing tests allow us to provide our customers with the comfort of knowing that their surveillance system is secure.

LILIN UK offer an extended 5 year product warranty for our valued clients- including a 5 year Advance Replacement service!

Having a strange problem on site? Take a spare product with you and reduce the number of potential visits required to resolve the issue.

We're committed to providing our clients with not only exceptional video quality and ease of use, but also outstanding customer service.

### Premier Partner Program

Our Premier Partner Program is our way of giving something back to our customers- with extended warranties, preferential technical support and beta-testing opportunities amongst the many benefits available.

LILIN UK launched in 1999 in Milton Keynes. Our custom designed building, which includes a 24,000 square foot warehouse, demonstration room and training facility, acts as the hub for LILIN's European operations.

Our staff have a combined 95 years of experience in the security industry, with a deep understanding of the local market and providing stellar in-house technical support and repairs.

Bring your clients to our demonstration room to sit in our 'living room' and design a personalised system with our sales team.

Decide which of our camera's provides the perfect balance of form and function for your project requirements, and how they can integrate into the home.

CEDIA AWARDS 2017

WINNER

Best Training Course EMEA

LILIN UK host our industry award winning training course quarterly; with plenty of hands on practice with our product range. We've also prepared a variety of online materials including webinars and guides. Bring your team in for a personalised session!
